PREFACE

INDICATIVE BAROMETERS OF BUSINESS, SHOWING THE IMPORTANT RELATIVE POSITION OF GREENSBORO, NORTH CAROLINA, AS A COMMERCIAL AND INDUSTRIAL CITY

The State

North Carolina ranks fifth in the United States in the value of agricultural product and in the value of manufactured products is exceeded only by Missouri and Texas among seventeen Southern States. Its factory output in 1923, according to "Commerce and Industry," Volume 2, No. 8, published by the University of North Carolina Extension Division, was \$951,910,000.00 from 2,602 plants.

"Federal tax collections in North Carolina (year ending June 30th, 1924,) were \$7,694,082 *in excess* of the total collections of Virginia, Tennessee, South Carolina, Georgia, Florida, Alabama, Louisiana and Mississippi." (Statement of United States Commissioner of Internal Revenue.)

The Piedmont Plateau

Seventy-nine per cent of all the industrial establishments of North Carolina are located on the bench-land which extends from the foot of the Appalachian Mountains to the eastern coastal plain, known as the *Piedmont Plateau*. About the same relative percentage (79%) obtains with regard to commercial, civic and financial establishments which the demands of industry have made necessary. About \$679,301,522 worth of manufactured goods are produced annually in this area, according to 1920 census report on manufacturers (Vol. X), and approximately \$198,000,000 worth of domestic merchandise was distributed and consumed in 1924 within fifty miles of Greensboro. Various economic factors combined to account for this remarkable concentration of commerce and industry.

The City of Greensboro

The city of Greensboro is situated in the very heart of the Piedmont Plateau industrial area. It is only an over-night ride on the train from New York City (6:40 P. M. to 8:30 A. M.)

Population—United States Census Figures

1890.....	3,317
1900.....	10,035
1910.....	15,895
1920.....	19,861
1923 (Special Census).....	43,525

An estimate based upon an actual survey by disinterested enumerators for the City Directory placed the population at 48,500 in 1924.

Climatic Conditions

Greensboro has neither the rigors of the North nor the languor of the tropics.

United States Weather Bureau Reports for Greensboro

Elevation—843 feet above sea level.	
Normal average annual temperature.....	58. 8° above zero
Normal July temperature.....	76. 5° " "
Normal January temperature.....	38. ° " "
Maximum of record.....	101. ° " "
Minimum.....	7. ° " "
Average humidity.....	53. 185
Annual precipitation.....	46. 78
Growing season—201 days.	

Transportation, Power, Materials, Markets and Labor

Greensboro possesses the basic elements necessary for successful business. Direct connection with six railway systems serves the city's transportation needs. It is on the double trunk line of the Southern Power System and enjoys low power rates. Many raw materials are supplied from nearby sources. The 550,000 people within a radius of fifty miles furnish attractive markets for many manufacturers. They consume approximately \$198,000,000 worth of merchandise annually. Native white labor and intelligent colored help is available. The foreign-born population is less than 1% and the negro population is less than 20%. There has never been an industrial strike in the city's history.

Industrial Establishments

One hundred and twelve industries, producing about seventy-five different commodities, employ about 12,000 people and have an annual pay roll of about \$110,000,000. The principal manufacturers are cotton textiles, finishing, printing and dyeing, clay products, overalls, machinery, furniture, tobacco products, auto bodies, proprietary medicines, structural steel, fertilizers, flour, stone products, stoves, lumber, etc., etc. One textile plant produces 200,000 yards of finished fabric daily.

Insurance Center

Greensboro is the insurance center of the South—it is the home of five life and five fire insurance companies. The relative importance and growth is indicated by comparative figures:

Life Insurance	December 31, 1923	December 31, 1924
Greensboro companies' income.....	\$ 11,338,146.97	\$ 12,728,479.63
Insurance in force in Greensboro companies.....	118,995,462.00	130,383,227.00
Insurance in force in all other companies in North Carolina.....	13,942,312.00	20,576,211.00

One of the life insurance companies is housed in a seventeen-story \$2,000,000 office building.

Fire Insurance	
Greensboro companies' income—1923.....	\$ 2,722,753.88
North Carolina income of companies of other States.....	7,542,681.00
Total insurance in force in Greensboro.....	61,890,441.00
Official figures for 1924 not yet available.	

Banking and Financial

Combined Bank Statement	1923	1924
Combined capital and surplus.....	\$ 2,450,000.00	\$ 3,763,881.86
Total resources.....	26,634,962.00	29,477,199.76
Total clearings.....	271,289,000.00	279,897,000.00

This does not include the Morris Plan Bank, five Building and Loan Associations which had combined assets (December 31st, 1924,) of \$7,699,997.32.

Taxes

The combined county, city and school tax is \$1.24 per \$100.00, based on about 60% valuation.

The city's total net bonded debt is \$3,804,920.00 (December 31st, 1924).

Commercial Structure

Wholesale.—Greensboro is an important distribution point and is agency headquarters for many firms of national prominence. Wholesale and jobbing houses handle a large variety of merchandise and equipment. Recent decisions of the Interstate Commerce Commission give Greensboro freight rate advantages which put it on a parity with Virginia cities, thereby favorably affecting wholesale business. More than 1,200 traveling men make their home in Greensboro.

Retail.—Greensboro's natural trade territory is an irregular area extending from ten to forty miles and is a shopping center for about a quarter of a million people. This is largely influenced by a network of highly improved highways and the fact that Guilford County ranks first in the State in the number of automobiles, making possible an easy access to market. There are seventy de luxe busses operating on a regular schedule between Greensboro and points within 100 miles. Sixty-eight passenger trains bring hundreds of travelers to Greensboro daily to transact all manner of business.

Business Barometers

	1923	1924	1925
Bank clearings.....	\$271,289,000.00	\$279,897,000.00	\$113,018,000.00*
Postal receipts.....	320,141.79	344,880.94	176,794.39†
No. building permits.....	1,056	1,226	576‡
Volume building permits.....	\$ 3,513,491.00	\$ 4,335,198.25	\$ 1,944,219.00‡
Telephone connections.....	5,600	6,447	7,000†
Number automobiles.....	6,000	6,612	11,000†
Assessed valuation.....	\$ 75,000,000.00	\$ 82,205,271.00	\$ 88,000,000.00x
Total municipal expenditures for permanent improvements.....		2,528,615.53	3,540,511.51

*This figure as of May 30th, 1925.

†These figures as of June 30th, 1925.

‡This figure represents indicated normal volume of permits for the first half of 1925. It does not include a new 17-story hotel being built by Greensboro Bank and Trust Company at a cost of \$1,500,000; a new passenger station to cost about \$1,500,000; approximately \$700,000 to be expended this year in new buildings at North Carolina College for Women; a new theatre, Y. M. C. A., fire stations, etc.

xEstimated.

Highways and Public Utilities

There are in Guilford County 137 miles of State and county hard surface highways and 502 miles of improved soil roads. In Greensboro there are 85 miles of paved streets, 14½ miles of electric railways, 81 miles of sewer, 83 miles of water mains. City area is 10,817 acres. The 8,551 electric meters and 3,780 gas meters in use in the city limits and more than 7,000 telephones indicate the extent of public utility service. The city-owned water system includes three reservoirs with a capacity of 1,023,000,000 gallons to deliver six and one-half million gallons every twenty-four hours, serving 6,641 connections, of which 5,641 are on meters.

Educational Center

There are twenty-three modern school buildings in Greensboro, accommodating about 10,000 pupils, in addition to six colleges with approximately 2,500 students. The North Carolina College for Women, with approximately 1,600 students, is the largest. The summer session accommodates about 1,700 students. Guilford College, a Quaker institution founded over a century ago, is six miles away, and Oak Ridge, Elon and Whitsett Institutes are in nearby neighboring towns.

Municipal Government

Greensboro has a commission city manager form of government. The commission is composed of successful business men—the president of the largest manufacturing plant, the largest life insurance company, the largest wholesale house, the largest wholesale nursery; a lumberman, and a mill operator. These represent the highest type of citizenship. They have given conspicuous and unselfish service, which is reflected in the remarkable progress that the city has made.

Civic Structure

Greensboro has 54 churches, 4 hospitals, 2 public libraries, 3 Y. M. C. A. buildings and 1 Y. W. C. A. building; 2 daily newspapers and 1 semi-weekly; modern theatres; county seat; Central North Carolina Fair; league baseball; approximately 500 acres of park and playground area given to the city by public-spirited citizens; modern hotels (about 500 new hotel rooms to be built this year); country club; eighteen-hole golf course; (two new eighteen-hole "Donald Ross" courses under construction); new \$600,000 municipal building; well financed community chest; active Chamber of Commerce; largest Merchants Credit Association in the State; Rotary, Kiwanis, Lions, Civitans, A. B. C., Merchants and Manufacturers Clubs and Women's Club.

Greensboro's "community spirit," while an intangible factor, is commonly pointed to by neighboring cities as one of its most remarkable assets. This spirit is reflected in the character and number of beautiful homes, which are mostly owned by those who live in them. There is an indefinable something about Greensboro that stamps it as "A city with a fine personality."

MANUFACTURERS IN GREENSBORO, N. C.

Air Brakes.....	Wright Safety Air Brake Co.

AUTOMOBILES

Among the finer types of Motor Cars in this year's Automobile Show will be found **THE FLINT SIX**. You will be interested in this Car, because the wonderful reputation has been built on experience—the happy experience of Flint Six owners, and the years of experience of its builders in erecting high grade Motor Cars. We cordially invite you to visit the Flint Six exhibit.

CARBIC LIGHTS

For Night Work

North Carolina contractors will be glad to learn we are now carrying Carbic Lights and Cakes in stock.

Your concrete work can be carried on at night just the same as daytime. Carbic Lights make night work profitable.

The No. 2 Portable Carbic Light burns 12 hours without any attention whatsoever. Can be re-charged in less than three minutes.

Carbic Lights are efficient, economical, durable.

Many are learning the convenience of our store—being able to get anything for the table at one parking—then, too, if it should be a little late you can carry home ready cooked from our delicatessen department cooked meats, salads, slaw, sandwiches, potato chips, fancy cheese, deviled crabs and croquets, and from our Bakery department hot rolls, bread, cakes and pies. Think of the convenience of having your fish dressed ready for the pan. Visit our Sea Food Department and see the variety we carry fresh every day in the week.

Notice especially our fruit and vegetable department—you will always find a large variety of the finest fruits and vegetables the world's markets afford.

All through our stocks you will find that quality has been our forethought in selecting this enormous array of good things to eat.

Then the price—we ask you to compare—our business is constantly growing and many are comparing.

The display headings of your business which are given with an advertisement in this section of the Directory are indexed, calling attention to your advertisement here, which is referred to many times by people interested in your particular product or products.

MORE GOODS
ARE BOUGHT AND SOLD
THROUGH THE
CLASSIFIED BUSINESS LISTS
OF THE
DIRECTORY
THAN
ANY OTHER MEDIUM
ON EARTH

Power of Advertising

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase.

If your business is not classified properly and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

Advertising is the foundation upon which successful businesses are built. You must apply this to your own particular business.

Advertising is the power of an idea multiplied.

RATES UPON APPLICATION

No other service compares with City Directory service

Hill Directory Co., Inc.

PUBLISHERS

P. O. Box 879

Richmond, Va.

You An Advertiser

In this Directory profit by increased distribution which your advertisements and Classified References receive through the Directory Library Plan, which places this Directory throughout the country to direct those seeking information. In other words, it *nationalizes* a service which formerly was only local in its scope.

Association of North American Directory Publishers

Members of Directory and Reference Media Department of Associated Advertising Clubs of the World

OFFICERS:

- R. L. Polk, Pres.**
431 Howard Street
Detroit, Mich.
- H. A. Manning, First Vice-Pres.**
33 Lyman Street,
Springfield, Mass.
- J. L. Hill, Jr., Second Vice-Pres.**
811 Mutual Building,
Richmond, Va.
- E. J. Loranger, Sec'y-Treas.**
524 Broadway,
New York City, N. Y.

TRUSTEES:

- R. L. Polk, Detroit.**
W. L. Richmond, Yonkers.
Alvin B. Boyd, Reading.
W. H. Lee, New Haven.
D. W. Bowman, Akron.
G. D'W. Marcy, Boston.
H. J. Farnham, New Haven.
Llew. Williams, Jr., Cincinnati.
J. L. Hill, Jr., Richmond.
H. A. Manning, Springfield.
J. M. Gardner, Toronto.

General Offices: 524-528 Broadway, corner Spring St., New York City

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First: The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second: To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third: To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth: For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this Association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicly upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

Greensboro Real Estate Board

"BUILDERS OF GREENSBORO"

An organization of real estate dealers and agents, holding membership in the National Association of Real Estate Boards. By its high ethical standards it elevates the profession of real estate dealers. It disciplines its own members for any lapse from its high standards and is instrumental in securing the prosecution and conviction of persons guilty of real estate fraud. It guards all proposed legislation relating to real estate. It conducts a real estate school where good practices are instilled into the minds of its members.

It gives to its members the right to use the title "Realtor," which carries with it the same guarantee to the purchaser of real estate that the word Sterling does to the purchaser of silverware.

The Code of Ethics under which it operates is as stringent as that under which any business or professional organization in the land operates.

Commissions.—It has established and maintains an equitable rate of commissions on the sale and leasing of real estate acceptable to both real estate owner and broker, protecting the owner of property from excessive charges of unreliable agents.

Valuation.—Its Appraisal Committee is recognized as the highest authority on realty values for use in buying and selling property, tax, accounting, closing estates,

determining values of leaseholds, corporation asset insurance, and income tax purposes.

In Conclusion.—An active member of the Greensboro Real Estate Board is a realtor who keeps tab on the pulse of the city. He is ever aggressive in the promotion of enterprises which will enhance the industrial, commercial, residential and social values possessed by the city. He is informed as to real estate values and is a city builder and a man of conscience and patriotic purpose.

The officers and Executive Committee of the Greensboro Real Estate Board for the year 1925 are as follows: Henry V. Koonts, President; E. S. Wills, Vice-President; C. D. Benbow, Jr., Secretary-Treasurer; A. K. Moore, W. B. Merrimon, C. A. Banks, Jr., and W. F. Ross.

For full list of all members see reverse side of this sheet.

Realtors

Who is a Realtor?—How many property
owners distinguish between a Realtor
and a Real Estate man? "A Realtor
is a Real Estate man who is an active
member of a Member Board of the Na-
tional Association of Real Estate
Boards, and as such an affiliated mem-
ber of the National Association, who is
subject to its rules and regulations,
who observes its standard of conduct,
and is entitled to its benefits."

General Offices: 524-528 Broadway, corner Spring St., New York City

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First: The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second: To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third: To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth: For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may from time to time, be shown to be wise, proper and lawful.

All members of this Association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such heading as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public need and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicly upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

The EYE is seventeen times
stronger than the EAR.

Research has proven that im-
pressions received through the
eye are seventeen times more
effective than those received
through the ear.

Your advertisement in the City Directory reaches
the vision of your prospects all over the city 365 days
in the year, because some one is using it every hour
in the day.
